ILS Certification Form and Process

- Documents cognizant SPM verification and approval of logistics support for a Ship Alteration
- ILS Certification Form approval is part of the SPM process to authorize alterations on platforms under their cognizance
- Developed by FMP ILS Working Group (including SPAWAR)
- SPM representatives and SPAWAR have agreed to use and implement the ILS Cert Form now, while the FMP Manual is being updated.

Outstanding Issues

- Need official concurrence from NAVSUP, CINCLANTFLT, NAVAIR, and PEO-TSC
- NAVSEA Crane has provided Field Change oriented comments. Comments will be incorporated when ILS Certification Form is adapted for equipment alterations.
- PEO-TSC (PMS 400F6) has provided comments pertaining to training. Comments need to be reconciled with PMS 400F3.
- Initial dialogue with NAVAIR 3.6.1.2 (Mr. Harris and Mr. Brown) on 28 Sept. They have forwarded ILS Certification Form to affected PEOs.
